

Public Meeting - Water Right Adjudication
Gould Wash Division
Area 81, Book 4

Division of Water Rights

April 24, 2025

Chase McDonald | Assistant State Engineer - Adjudication
Division of Water Rights

Agenda

- Why did I receive a summons?
- Water Right and Adjudication Overview
- Adjudication Process
- Anticipated Timeline
- Questions
 - Staff Consultation
 - Email: **waterrights_adjudication@utah.gov**

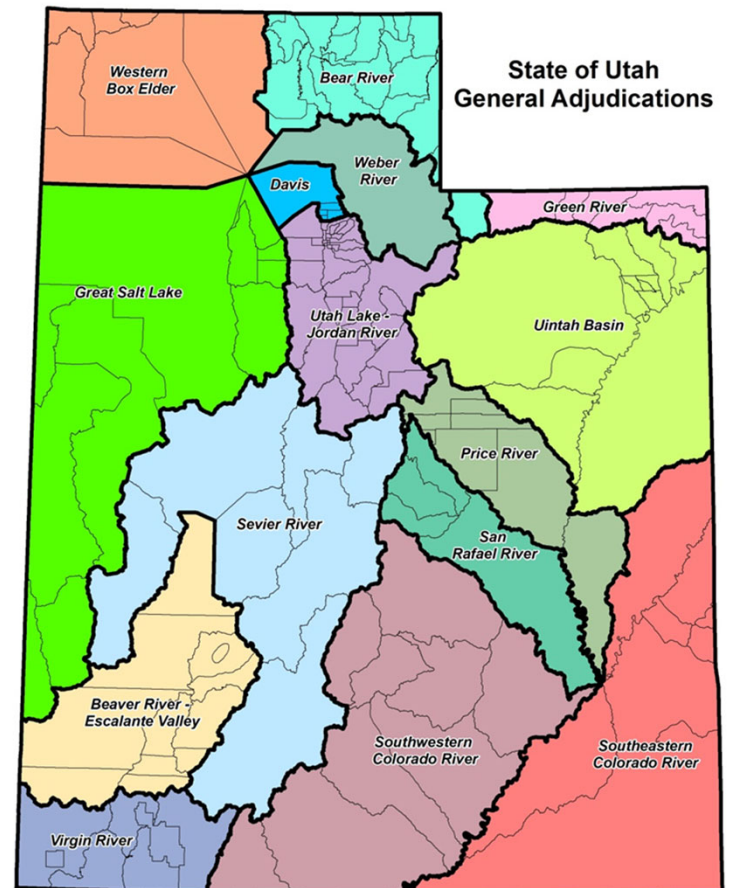

Why did I receive a summons?

- Summons are sent to all known water right holders and all property owners.
- Also published in a local newspaper.
- This is done to make the general adjudication comprehensive.

What is a General Adjudication?

- Action in State District Court
- Joins and binds all water users and the State Engineer (Division of Water Rights)
- Governed by Utah State Code: Title 73, Chapter 4
- To determine the nature and extent of all existing water rights within each drainage.

Why Do We Conduct General Adjudications?

- Bring all claims onto the permanent record:
 - Pre-Statutory Claims
 - *Diligence Claims (1903)*
 - *Underground Water Claims (1935)*
 - Federal Reserve Rights
 - *Winter's Doctrine (1908)*
 - *McCarran Amendment (1952)*
- Increased clarity to the water rights picture.
- Remove/reduce rights which have been wholly or partially forfeited through non-use.
- To obtain final comprehensive decrees on all water rights within the respective drainage.

Article 17, Utah Constitution: All existing rights to the use of any of the waters in this State for any useful or beneficial purpose, are hereby recognized and confirmed

What is a Water Right?

A **water right** is a right to divert and beneficially use water. The defining elements of a typical water right will include:

- A defined **nature of beneficial use**
- A **priority date**
- A defined **quantity** of water allowed for diversion by flow rate (cfs) and/or by volume (acre-feet)
- A specified **point of diversion** and source of water
 - Examples: Well, Spring box, Head-gates
- A specified **place of beneficial use**

A water right is NOT:

- A share in an irrigation company.
- Water provided by a municipality.

Irrigation Shares & Share Statements

- If your right is based on ownership of shares in a local irrigation company, you typically don't need to file a Water User's Claim. The irrigation company will file on your behalf. However, shareholders may file if desired.
- **Local Examples:**
 - Virgin Canal Co.
 - Hurricane Canal Co.
 - Hall & Grafton Irrigation Co.
 - St. George and Washington Canal Co.
 - Rockville Pipeline Co.

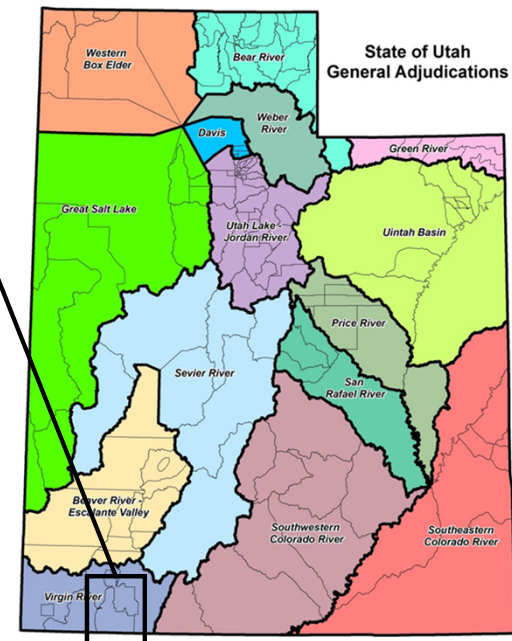

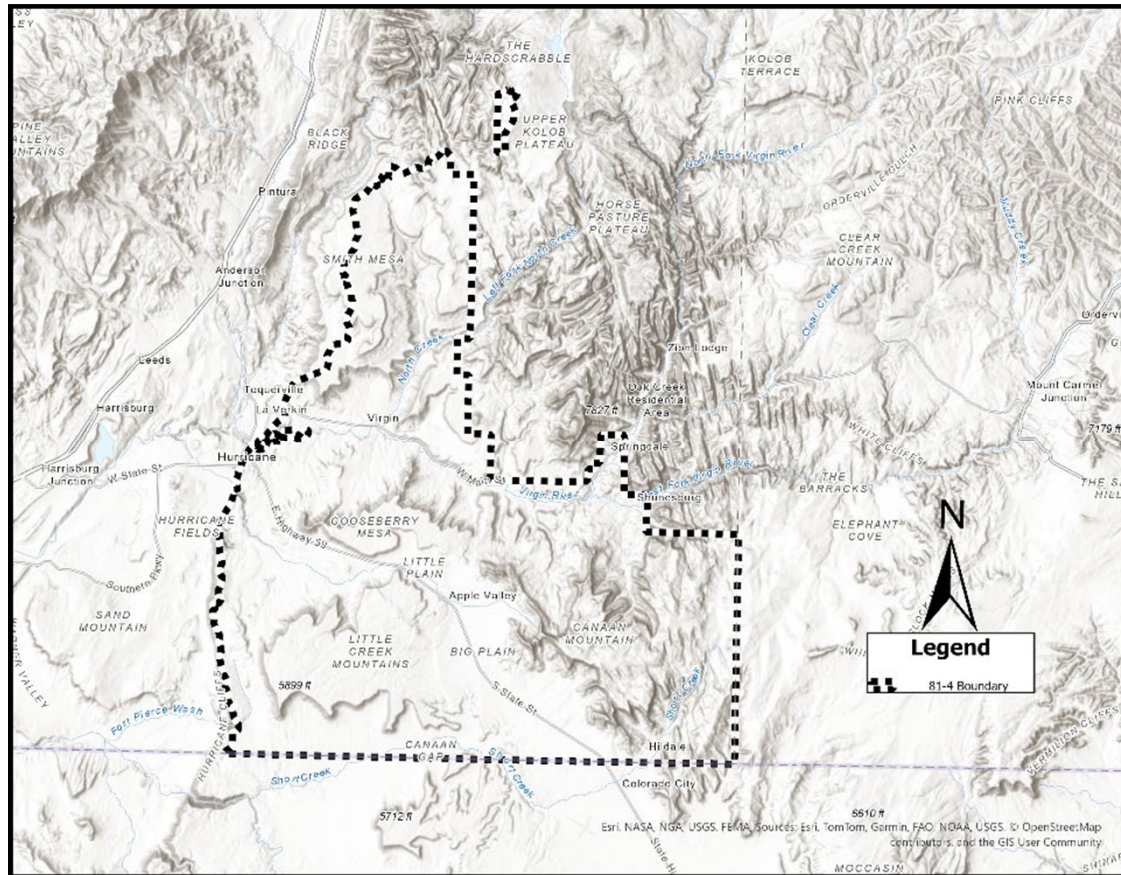

Gould Wash Division Boundary

Statistics:

Total number of water rights on record: 545

Most rights of record are underground wells

Number of land owners notified: 2,324

The Adjudication Process

Proposed
Determination

90 Days to File
Objection

Public Meeting

Objection
Resolution & Decree

Phase 1: Summons and Notice to File Claims

Phase 1: Summons and Notice to File Claims

Petition

Not typically relevant today, but all of the general stream adjudications began with a petition for action.

Notice

A notice of commencement is published in the local newspaper.

Summons

The summons is mailed to water right owners and property owners. It is also published in the local newspaper.

Public Meeting

An initial public meeting is held to inform water users of the adjudication process.

Notice to File Claims (90 Days)

The notice to file a *Water Users Claim* within 90 days is given. A claimant that does not participate may be prevented from asserting a claim in the future.

Water User's Claim

IN THE DISTRICT COURT OF THE _____ JUDICIAL DISTRICT
IN AND FOR _____ COUNTY, STATE OF UTAH

IN THE MATTER OF THE GENERAL DETERMINATION OF RIGHTS TO THE USE OF ALL THE WATER, BOTH SURFACE AND UNDERGROUND,

STATEMENT OF WATER USER'S CLAIM

WATER RIGHT NO. _____

CIVIL NO. _____

HOW TO USE THIS FORM:
Review the information you provide on this form carefully. This Statement of Water User's Claim form is required to assert your water right claim in the pending general adjudication. Under Utah law, unless you file a written Statement of Water User's Claim within 90 days of receiving notice, your water rights will not be recognized and you cannot assert them further. This form constitutes notice to you that your signed Statement of Water User's Claim must be filed within 90 days after service of this notice with the Division of Water Rights, or the District Court. If you file your Statement of Water User's Claim with the Division of Water Rights, the State Engineer will file it with the District Court following the publication of the Proposed Determination. If you agree with the information and accept it as your Statement of Water User's Claim, sign the form and return it to the Division of Water Rights. Alternatively, you may manually revise this claim or obtain a claim water user's claim form from the Division of Water Rights website at: www.waterrights.utah.gov/instructions. Signing and returning this form will not affect ownership with the Division of Water Rights. If title to a water right needs to be updated, you must prepare and file a separate Report of Water Right Ownership with the State Engineer. If you have any questions, please contact the Division of Water Rights at: (801) 538-5282.

WATER RIGHTS SALT LAKE

Water User's Claim

- The water user must complete a Water User's Claim and **file with the State Engineer or the District Court** for each water right.
- Due to complexity of defining water rights, **Adjudication staff can help** the water user in completing the claim.
- State Engineer files the claim with the Court on behalf of the water user as a courtesy.
- Claims are only required on **perfected rights** (i.e., certificated rights, decreed rights, and diligence claims). **All entities** that own a water right in the adjudication area must file a claim.
- Irrigation Company **shareholders are not normally required** to submit a claim.

Phase 2: List of Unclaimed Rights and Final Summons

Phase 2:

List of Unclaimed Rights and Final Summons

Phase 3: Proposed Determination and Final Decree

Phase 3: Proposed Determination and Final Decree

Division staff evaluates and maps the claims. A State Engineer's Recommendation (SER) is prepared.

The Proposed Determination represents the State Engineer's recommendation to the court for each water right.

Any dissatisfied party may object within 90 days.

A final public meeting is held to discuss the Proposed Determination and how to file an objection.

Objections to the Proposed Determination are resolved and the court renders a decree.

Anticipated Timeline

May 15, 2025 (Planned):

- Notice to file claims; 90-day claim filing period.

September 12, 2025 (Tentative):

- Claim investigation begins

February 2026:

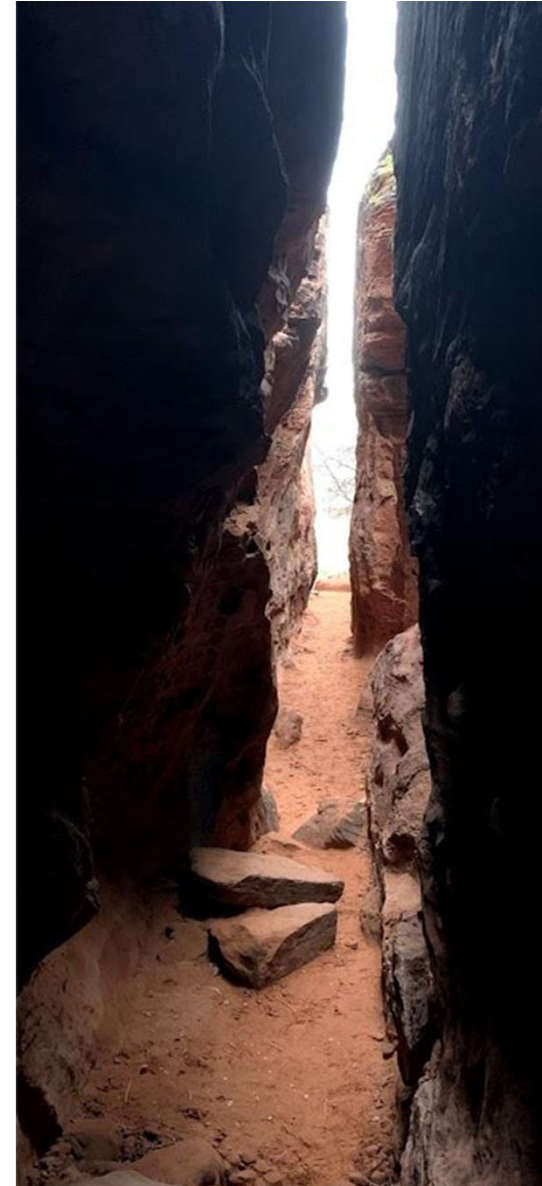

- List of Unclaimed Rights; Public Meeting, 90-day objection period

December 2027:

- Proposed Determination; Public Meeting; 90-day objection period

2028:

- Interlocutory Decree

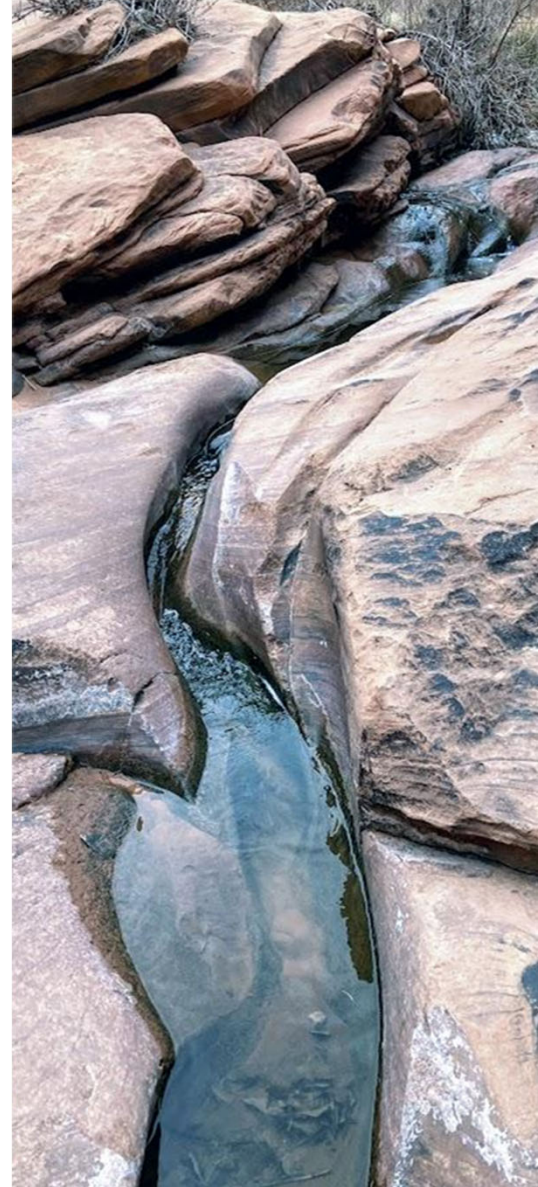

Common Issues

- **Why isn't my name on the water right?**
 - A Water User's Claim (WUC) does not update title.
 - Submit a Report of Conveyance (ROC)
- **Lapsed Applications**
 - Lapsed applications for small amounts of water can be reinstated.
 - Submit a Water User's Claim and an Affidavit of Beneficial Use.

Common Issues

- **30-Day Extensions**
 - Must be requested during the original 90-day period to file claims
- **Reminder:**
 - 30-Day Extension is requested from the Division.
 - chasemcdonald@utah.gov, or;
 - waterrights_adjudication@utah.gov

Will I lose my water right?

- Water users who are currently using their water right in conformance with the records on file have nothing to worry about. as long as they file a Water User's Claim.
- If the water use have fallen **out of use for 7-years or more**, the water right - or a portion of it - may be recommended to be **disallowed** in the proposed determination.
- Individuals using water **without a water right of record** are required to submit a claim during the adjudication or **risk being barred** from future claims and use.
